Dear Friends of Turning Point,

2015 was both a challenging and rewarding year at Turning Point! Fiscally we ended the year with a deficit causing us to cut our prevention education program staff. Despite that we still managed to provide over 400 workshops to over 6,000 youth.

2015 was also the year we expanded our collaborations within a new community. We worked with St. Clair County to open a new satellite office at Lake Huron Medical Center in Port Huron to provide treatment and care to sexual assault survivors in St Clair County. This regionalizes our Forensic Nurse Examiner Program and brings our expertise in sexual assault to survivors in a community that had no access to these services!

2015 brought several new collaborations to our shelter. We began a partnership with I Heart Dogs. This partnership allows for the pet to come with the family fleeing for safety. When they arrive at the shelter with their pet, their pet is picked up by volunteer from I Heart Dogs and provided safety, a medical exam and updated vaccinations. Families in the shelter can visit their pet and feel certain they are safe and well cared for. Another new collaborator at the shelter is a partnership with GREAT Start who has trained our children’s staff on helping parents assess their child’s milestones, strengths and developmental areas that need some attention.

In 2015 we began a new partnership with McLaren ER physicians. In a test pilot program physicians will receive 6 sessions on recognizing and responding to domestic violence. In these sessions they observe, practice and assess discussions about domestic and sexual violence with patients.

2015 connected us with a group of amazing volunteers from Sterling Heights Arthur Murray Studio who planned and executed Stepping Out with the Stars to raise awareness about domestic violence and funds to help support the mission. This was an energizing fun event that raised over $28,000! See the winners in this report!

We welcome these new organizations and individuals as allies and partners. Together we can make more of a difference!

Thank you to our dedicated staff, board, volunteers and donors who all come together to make our services available for so many!!

Sincerely,
Suzanne Coats, CEO
Macomb County is a community of communities. We share the same aspirations and concerns, especially our goals for safe and healthy lives for all. These are a few examples of how we work together:

- Each year, Turning Point reaches thousands of high school students to build awareness and skills to prevent sexual violence.
- The nurse examiner program provides safe, compassionate emergency care to victims of sexual assault, as well as collecting evidence for law enforcement and prosecutors.
- Over the years, thousands of women, children, and babies have found refuge and support at our shelter for domestic violence survivors.
- Second Hand Rose provides clothing and household items to help survivors rebuild their lives.

Turning Point was started by the community and exists to serve the community. We work together as donors and volunteers from Sterling Heights, Roseville, New Baltimore, Shelby Township, Armada, Romeo, St. Clair Shores, Richmond, and other communities at Turning Point. Why? Because we know that domestic and sexual violence impacts everyone in Macomb County — everyone. And because we know Turning Point makes Macomb safer and healthier — for all.

On behalf of our volunteer Board of Directors, our skilled and dedicated staff, and most of all, for those who are helped through Turning Point, thank you! We depend on you and appreciate every donation and volunteer hour. We are deeply grateful for you, our partners, who stand strong with us. Let’s continue to stay stronger, safer, and healthier — together!
